PHIL 4:13

Warm greetings to all our Chazon readers,

There is a special kind of joy that comes with unveiling something for the very first time, a blend of excitement, pride, and hopeful anticipation. Today, we feel all of that and more as we present to you Chazon - First Edition, the inaugural edition of our e-magazine. What began as a simple idea has blossomed into a vibrant and meaningful collection of memories, reflections, and shared experiences.

In a world that continues to evolve rapidly, embracing digital platforms allows us to connect more widely, share ideas more freely, and preserve the life of our college in a form that reaches far beyond our immediate community. Chazon, meaning vision, beautifully reflects the purpose of this project—to look forward with clarity, intention, and creativity. The journey of creating this e-magazine has been both challenging and immensely rewarding. Sifting through archives, selecting the perfect photos, and thoughtfully curating each page required dedication, patience, and collaboration. Yet the companionship, enthusiasm, and unity within the committee made the process not only smoother but genuinely enjoyable. For this, I am deeply thankful to the Lord; without His guidance and blessings, this milestone would not have been possible.

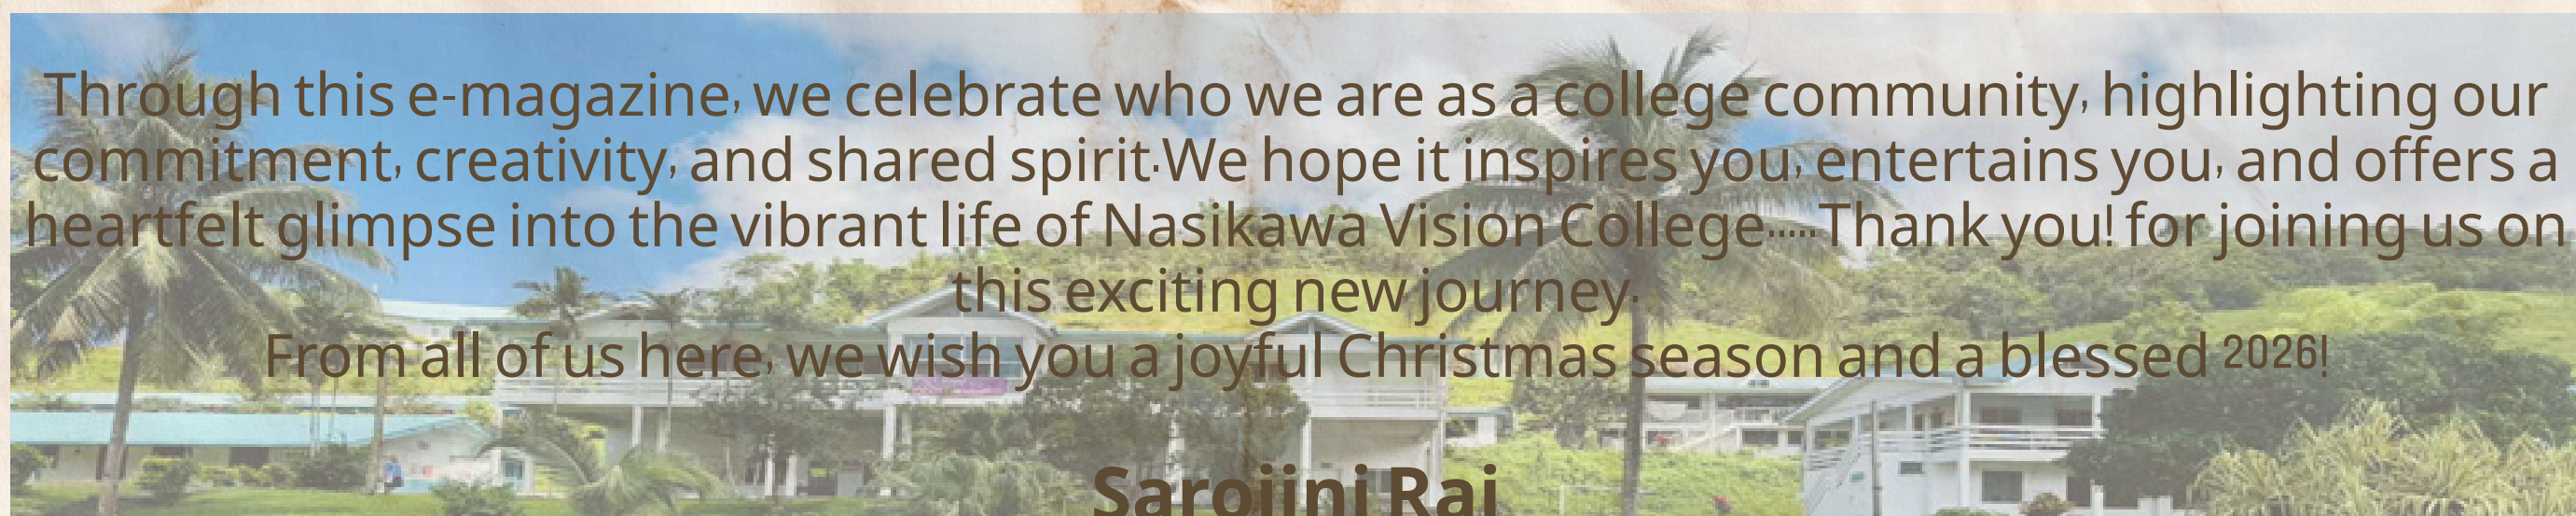

Acknowledgments - My heartfelt appreciation goes to:

- **The Head of School**, for steadfast support and belief in this initiative.
- **Our School Director and Chaplain**, for their messages, constant guidance, vision, and encouragement.
- **The Vice Principal and Assistant Principal**, for their inspiring messages and heartfelt support.
- **Mr. Livai Daucakacaka**, whose exceptional graphic design work, attention to detail, and willingness to perfect every request ensured this e-magazine shines at its very best.
- **KOICA - Hanna and Yeonjea**, for conducting a professional development session on Canva usage, which proved incredibly helpful during the magazine's design process. Thank you so much.
- **Our College Founder, Mr. Joo Sung Kim**, for his thoughtful reflection and continued inspiration.

MESSAGE FROM SCHOOL FOUNDER

Sermon: Rise Up, NVC

“Where there is no vision, the people perish.” – Proverbs 29:18 Introduction Dear brothers and sisters in Christ, Today we gather to celebrate the 30th anniversary of Nasikawa Vision College.

What a beautiful moment this is—to remember all that God has done, to give Him all the glory, and to look forward to what He will continue to do. For me, it is a tremendous joy and a great privilege to stand here and proclaim the Word of God on this special day.

2. The Birth of a Vision

Let me begin by asking all the students a simple question: Why is this school called Nasikawa Vision College? To answer that, we must go back to Korea in 1986. I was a young man working as a stenographer in the National Assembly. Every morning before work, I would slip into the small chapel inside the building to pray. One morning, as I was praying, the Lord spoke clearly to my heart: “You have served Me part-time until now. Will you serve Me full-time? Go to the Third World and build a school.

Carry the Bible in one hand, and teach practical skills with the other.” At first, I wondered if I had heard correctly. But God spoke the same word again... and again... and again. So, like Abraham, not knowing where I was going, I left everything behind. All I knew for certain was this: God was sending me to the “Third World” to build a school for His glory. One step at a time, He led me—until I finally arrived in Fiji, in Navola village, on the land of the Nasikawa people.

3. God’s Faithful Provision

When we walk in obedience, God always provides. And God provided in two extraordinary ways: Ratu Timoci graciously gave us permission to use 30 acres of land for the school. Korean churches—especially Gangnamdong Methodist Church—poured out generous support to help establish this school. This is why I always say: Nasikawa Vision College is not man’s project.

It is God’s masterpiece—born out of a young Korean’s calling, the land of the Nasikawa people, and the sacrificial love of God’s people.

4. What Is Vision?

Proverbs 29:18 declares: “Where there is no vision, the people perish.” The Hebrew word for “vision” is chazon—meaning to see what is not yet visible. Vision is God’s revelation. Sometimes He speaks. Sometimes He shows. But He always reveals His heart to those who seek Him.

6. A Second Confirmation of the Vision

Before the school officially began, I preached one Sunday morning in Navola village. My message was simple: “God will receive great glory by establishing a mission school here.” After the service, a man approached me. He was Captain Tom Tamana, a well-known international airline pilot. He said: “Pastor, while I was praying, I saw a vision. I saw a man standing in the land across from Navola village and begin a massive construction project. It was big and glorious. But when I looked at the man’s face, he was neither Fijian nor European. And when I saw you today—Pastor, you are the man I saw in my vision.” I had heard God’s voice. Tom had seen God’s vision. And together, we received the confirmation of what God was about to do.

7. How Do We Receive God’s Vision? So then, how can we see and hear God’s vision for our lives?

- 1) Keep a Pure Heart Psalm 18:26 says, “To the pure, You show Yourself pure.” At the beginning of this journey, I prayed: “Lord, I am weak. I have no money, no knowledge, no experience. But I offer You one thing—my pure heart. Use me for Your glory.” And God filled my heart with peace.
- 2) Stay Awake in Prayer and the Word God shares His dreams with those who seek Him. He confirms His will through His presence. He reveals His heart to those who listen.

8. The Next 30 Years

When the school opened in May 1995, there was no large chapel. There were no big buildings. We gathered in front of a small wooden classroom. On the morning of our opening ceremony, I was sweeping the yard when someone shouted: “Pastor, Look at the sea, the rain is coming!” Fear gripped me, but in faith I declared: “Rain, do not come!” A few drops fell... Then the clouds parted, and the sky became clear. I believed with all my heart that God Himself stopped the rain. And the ceremony went forward without any problems. For the past 30 years, God has poured out miracles, blessings, and provision upon this school. But now, as we look back, we must also look ahead. Until today, many people have given to this school. But from this day forward, this school must not only receive—it must give. It must become a channel of blessing to the nations. Acts 20:35 reminds us: “It is more blessed to give than to receive.” The greatest gift we can offer God is not money, not buildings but students wholly devoted to Him. Students who carry God’s vision and go into the world. “Lord, until the day You return, bless this school and its students. Guide them faithfully to the end.”

9. Closing Prayer

Let us pray:

- Lord, open the eyes and ears of these students to see and hear Your vision.
 - Let their lives become instruments for Your kingdom and Your glory.
 - Make Nasikawa Vision College a light to the nations and be a blessing to others.
- In the precious name of our Lord Jesus Christ.

Rev. Joo Sung Kim, the founder of NVC

MESSAGE FROM SCHOOL DIRECTOR

30 Years of God's Goodness

2025 marks a profoundly significant year for me. The goodness of God that began with the founding of Nasikawa Vision College in 1995 has remained with us faithfully for thirty years. True to this year's theme, 'Empowerment', we have carried out a great mission consistently and with purpose over three decades.

My own journey with Fiji began in 1994 when I first arrived as a volunteer. After returning to Korea to complete my university studies, I came back to Fiji in 1997 to pursue a Master of Theology at Pacific Theological College in Nasese, Suva, completing the program in 1998. Later that same year, the principal's position at Nasikawa Vision College became vacant, and the Korean Methodist Church asked me to serve for "just one year." That one year has since become twenty-seven. I have now spent more than half of my life in Fiji; it has truly become my second home.

During our 30th Anniversary celebration, Rev. Anil Reuben remarked in his address, "Rev. Cho will likely lay his bones in Fiji." In many ways, his words carry truth. I have spent one year here as a volunteer, two years in Suva as a graduate student, ten years as Principal of Nasikawa Vision College, and seventeen years as its Director – a full thirty years lived in Fiji. Unless God sends me elsewhere, my hope is to remain faithful here, to continue serving this community with devotion, and to witness Nasikawa Vision College celebrate its 40th and 50th year.

One of my greatest joys is watching Year 9 students enter as children and leave as confident young adults in Year 13 – taller, stronger, and ready to step into God's calling for their lives. Over the past three decades, we have seen countless graduates go out into Fiji and beyond as agents of transformation, bearing good influence in their workplaces, churches, and communities. This legacy is already unfolding, and it will continue. For God is faithful.

Faithfulness means that God works unchangingly from seedtime to harvest. The God who has been with us for thirty years will remain with us still. My hope and prayer is that the Vision College community will trust in this promise and continue to walk together in God's holy work.

Reverend Nam Gun Cho

MESSAGE FROM SCHOOL CHAPLAIN

GREETINGS IN THE NAME OF OUR LORD JESUS CHRIST TO ALL OUR READERS.

IT IS MY PLEASURE TO SHARE THIS MESSAGE TO ALL OUR FANS.

THE SCHOOL IS A VISION TO MISSION FOR OUR PEOPLE, DEDICATED TO THE HOLISTIC DEVELOPMENT OF OUR YOUTH—SPIRITUAL, ACADEMIC, AND PHYSICAL. SPIRITUAL EXCELLENCE IS AT THE HEART OF OUR DAILY LIFE. EACH MORNING BEGINS WITH PRAYER, AND EACH DAY ENDS WITH PRAYER. WE ALSO GATHER WEEKLY FOR CHAPEL SERVICES. WHEN WE ENTER THE SCHOOL COMPOUND, WE STEP INTO A PLACE ANOINTED BY GOD, AND WE BELIEVE OUR CHILDREN SHOULD BE SET APART, LIVING DIFFERENTLY FROM THE WORLD.

WE CONTINUALLY REMIND OUR STUDENTS OF THE WORDS FROM PSALM 121, A PSALM OF ASSURANCE:

- GOD IS YOUR HELPER: YOUR HELP COMES FROM THE LORD, THE MAKER OF HEAVEN AND EARTH.
- GOD IS YOUR PROTECTOR: HE IS YOUR KEEPER WHO “WILL NOT SLUMBER NOR SLEEP,” GUARDING YOU FROM ALL HARM AND EVIL.
- GOD IS YOUR CONSTANT SHADE: HE IS LIKE A SHADOW AT YOUR RIGHT HAND, PROTECTING YOU BY DAY AND BY NIGHT.
- TRUST GOD’S PRESENCE: HIS PROTECTION IS PERSONAL AND CONSTANT, GUARDING YOUR “GOING OUT AND COMING IN” NOW AND FOREVERMORE.

THE FOUNDERS OF THIS SCHOOL BUILT THEIR LIVES DEEPLY ROOTED IN CHRIST, AND IT IS OUR PRAYER THAT EVERY STUDENT’S LIFE WILL ALSO BE DEEPLY ROOTED IN HIM. WE MUST RESPECT AND HONOR OUR TEACHERS, FOR GOD HAS CHOSEN THEM TO GUIDE AND INSTRUCT US.

WHEN YOU FINISH FROM HERE THESE SHOULD BE YOUR WORDS THAT SHOULD COME FROM YOUR HEART:

“I HAVE FOUGHT THE GOOD FIGHT, I HAVE FINISHED THE RACE, I HAVE KEPT THE FAITH. HENCEFORTH THERE IS LAID UP FOR ME THE CROWN OF RIGHTEOUSNESS.” MAY OUR KING GRANT US GRACE TO SERVE FAITHFULLY, PERSEVERE WITH COURAGE, AND REMAIN LOYAL TO HIM IN THIS LIFELONG JOURNEY UNTIL WE MEET HIM FACE-TO-FACE.

ON BEHALF OF THE SCHOOL, I WISH YOU ALL A MERRY CHRISTMAS AND A HAPPY NEW YEAR.

REV. DR. IMMANUEL REUBEN
SCHOOL CHAPLAIN

MESSAGE FROM THE PRINCIPAL

It is with deep gratitude and God's grace that I present the first-ever edition of Chazon, Nasikawa Vision College's official e-magazine. The name Chazon, meaning vision, reflects who we are as a mission school and who we strive to become: a learning community guided by purpose, clarity, and God's direction. As our school motto reminds us, "God Does Everything," and it is under His guidance that we reach this historic milestone.

The year 2025 marks a profound moment for Nasikawa Vision College as we celebrate 30 Years Empowering Young People. Over the past three decades, the college has transformed significantly—academically, spiritually, technologically, and culturally. From humble beginnings to a thriving institution, our journey has been shaped by resilience, collaboration, and unwavering faith. Today, we stand stronger than ever, committed to nurturing students who excel not only in knowledge but also in character and service.

Our achievements are made possible through the dedication of our teachers, support staff and students, who continue to uphold a culture of learning and self-discipline. We acknowledge the tremendous growth in academic performance, leadership, sports and spiritual formation. Every step forward is a reflection of our shared commitment to developing well-rounded young people who are prepared to contribute positively to their families, communities, and the nation.

To our education ministry, parents, guardians, community members, business partners, church leaders, and our proud alumni, we extend our heartfelt appreciation. Your partnership strengthens the foundation we stand on. Your support—whether through guidance, resources, prayers, or encouragement—continues to inspire our progress and sustain our mission. Together, we form a community anchored in shared values and a collective vision for the future of our children.

As we embrace a new digital chapter through this e-magazine, we are reminded that education is evolving, and so must we. Chazon symbolizes our commitment to digital literacy, creativity, and innovation. More importantly, it reflects the kind of future we want for our students—one where faith and modern learning walk hand in hand.

Looking ahead, Nasikawa Vision College remains steadfast in its calling to empower young people spiritually, academically, and morally. We will continue to expand our programs, strengthen our partnerships, and uphold the mission-school identity that defines us. May this first edition of Chazon be a beacon of hope, inspiration, and unity for all who read it.

Thank you for journeying with us. May God's blessings guide our work and our vision for the next 30 years and beyond. Wishing everyone a joyful Christmas and a disaster free 2026.

Vinaka vakalevu, and God bless Nasikawa Vision College—where truly, God Does Everything.

Celebrating Our Journey

As I look back on my time at Nasikawa Vision College, from 2018 until my departure in April 2024, my heart is filled with pride, gratitude, and deep affection for the community that shaped my years as principal. Though I have since migrated to Australia, the spirit of NVC remains with me always. It is an honour to contribute to the first volume of Chazon—a publication that, I believe, will continue to showcase the strength, achievements, and vision of this remarkable school.

During my tenure, Nasikawa Vision College continued to rise as a school of character, talent, and unwavering determination. Our students, teachers, and stakeholders worked together to uphold our values and strive for excellence in every area—academic, cultural, and sporting.

One of the most vibrant parts of school life has always been our sports program. Each year, our students proved that passion, discipline, and teamwork are the true marks of champions.

Our athletes consistently displayed outstanding speed, endurance, and sportsmanship. NVC runners, jumpers, and throwers proudly represented the school at zonal, divisional, and national meets—bringing home medals and personal bests that lifted the profile of our school globally.

Our netball teams showed remarkable progress and spirit, competing fiercely in various competitions. Their resilience, teamwork, and strategic play earned them recognition and respect on and off the court.

Soccer remained a favourite among many students, and our teams demonstrated exceptional growth and competitiveness. Their energy, unity, and determination resulted in strong tournament performances and memorable wins especially with the Under 15s.

Rugby has always been close to our hearts. Both our rugby league and rugby union teams showed bravery, skill, and discipline throughout the seasons. Their victories—not just in games, but in brotherhood and leadership—reflected the values of Nasikawa Vision College.

Beyond sports, our students continued to shine in diverse fields:

Our budding chefs showcased their creativity and professionalism in culinary competitions, earning accolades that highlighted the school's dedication to nurturing well-rounded talent. Their success was a testament to the skill of our hospitality teachers and the commitment of our students.

The school's SUIS team once again delivered outstanding performances. Their innovative ideas, teamwork, and communication skills made us proud and demonstrated the intellectual strength of NVC students. It was an honour watching you perform during Chapel services and school events.

To my admin team, many thanks for being there with me through the highs and lows, triumphs and tribulations. Most importantly, ensuring that the school was progressing in all aspects. To the teachers who came and went and those who stayed, who consistently gave their all—thank you for your dedication and love for the students. Your sacrifice, dedication and perseverance is humbly acknowledged.

To the parents and guardians, thank you for trusting us with the growth and development of your children. To the Ministry of education, school board, community partners, and church stakeholders, your unwavering support has been the backbone of every success we have achieved.

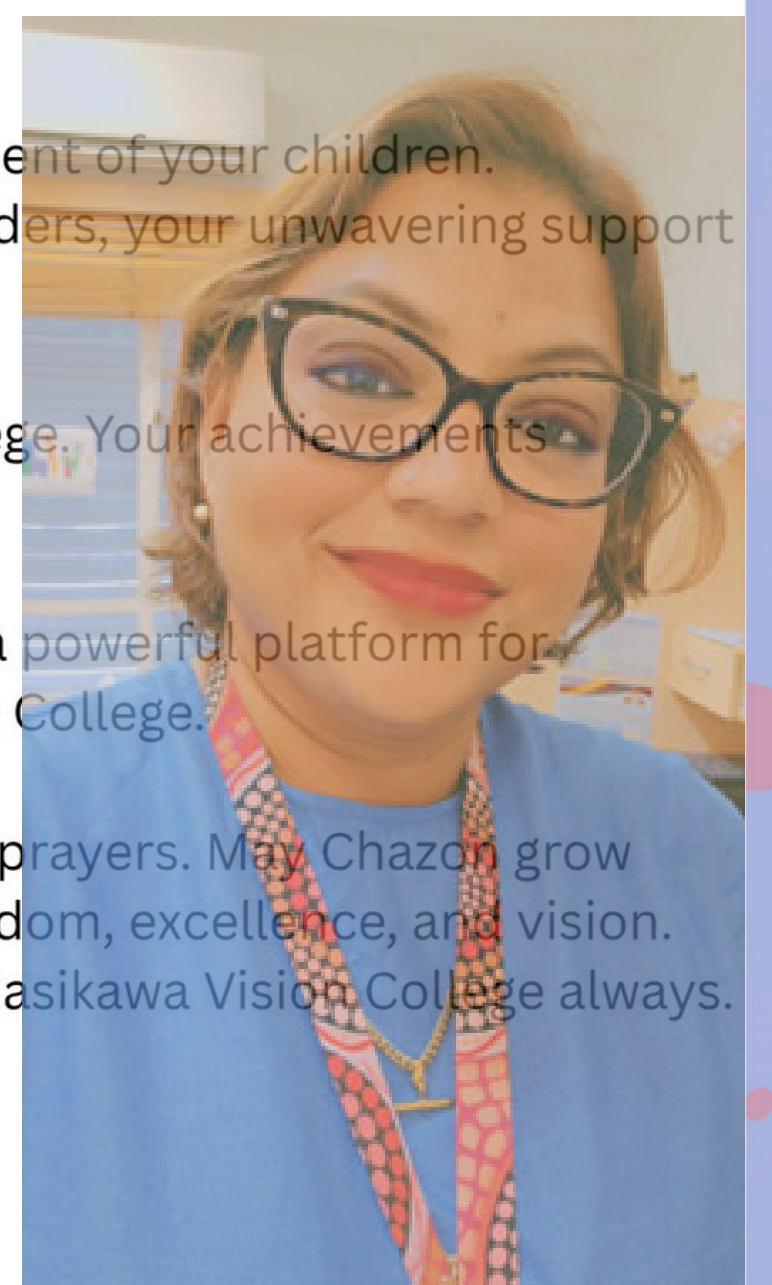

And to the students, past and present—you are the heartbeat of Nasikawa Vision College. Your achievements continue to inspire me, even from afar.

As Chazon begins its journey with this first volume, I am confident that it will become a powerful platform for celebrating student achievements and capturing the evolving story of Nasikawa Vision College.

Although I am now living in Australia, I continue to hold NVC close in my thoughts and prayers. May Chazon grow from strength to strength, and may Nasikawa Vision College continue to flourish in wisdom, excellence, and vision. To the entire NVC family: thank you, vinaka vakalevu, and may God bless Chazon and Nasikawa Vision College always. Merry Christmas and Happy 2026!

With Love

Mrs Mahezabeen Farzana Khan
Former Principal (August 2018–April 2024)

Mr Meshar Ali

My Journey with Nasikawa Vision College began in 2001 and continued until 2011. In those early years, Nasikawa was not yet the popular and well-known institution it is today. Our roll was only around 100-120 students. But as the school grew, developed and strength its foundations, the number of students increased and the college began to flourish in every area. Through every stage of this journey, one truth has remained clear. GOD HAS ALWAYS FAVOURED OUR SCHOOL. His mercies have carried Nasikawa Vision College, guiding its growth academically, spiritually and in sports. Many lives have been transformed through the spiritual nurturing provided within these walls.

The decision of our school principals, directors, teachers and the PTA have shaped Nasikawa into the remarkable institution it is today. Our teachers have made exceptional contributions teaching early in the morning and late into the night to ensure students achieve their very best. Their sacrifices woven into the school's success.

Today, Nasikawa Vision College proudly stands among the top three schools in both academic and sporting rankings. This achievement is also supported by the Korean community various church groups whose generosity and care have helped lift the schools to higher heights.

A special acknowledgement goes to Principal, Mr Raqona, whose contributions have been enormous and highly significant. Under the leadership, we now have well-defined school fencing, a basketball court and an improved sound system. Appreciation must also be given to our dedicated librarian, Wilba, whose tireless efforts ensure the school runs smoothly-whether in academic, sports or daily operations

To the villagers and parents who continue to support every event and activity: WE SALUTE YOU. Your partnership sustains the heart of the school. I was privileged to serve for 21 years and now as the school celebrates 30 years, it is joy to witness its continued growth under REV. Cho and the grace of Lord Almighty. Truly, greater things are yet to come.

Across all levels, the department has focused on hand-on learning. Cooking practical's filled the air with the sounds of chopping, sizzling and careful teamwork. From simple dishes to more detailed recipes, students learned not only how to follow instructions but also how to trust their senses, adjust flavors and plate their creations with pride.

Sewing sessions turned the textiles room into a soft orchestra of humming machines and focused faces. Students practiced stitching, mending and designing, building patience along with their garments.

Another major highlight was the work in home management and recipe development. Students learned how to plan meals, calculate costs and create dishes that balance nutrition with taste.

The department was also fortunate to welcome KOICA volunteer who joined Year 10 students for special practical sessions. Together they prepare healthy local dishes, blending cultural knowledge with nutritious choices. The sessions added fresh energy to the program and gave students a global perspective on healthy eating.

Throughout the year, the students from Year 9-13 showcased their learning by displaying their practical work during TEST week. Tables filled with neatly sewn items, carefully planned menus and creative dishes. The displays showed the depth of the department's teaching and the pride students take in their craft.

The Home Economics Department continues to shape learners who are creative capable and ready to apply their skills beyond the classroom. With strong leadership, dedicated teachers and a steady stream of practical experiences, the department remains one of the most engaging corners of Nasikawa Vision College.

Back (L-R) Ms K. Nainoka, Mr R.Kumar, Mrs N.Dharan
Front(L-R) Mrs T. Lebaivalu, Mr C.Gavidy [HOD], Mrs V. Raloka

The Science Department at Nasikawa Vision College has spent the year turning curiosity into momentum. Led by Mr. Curu Gavidy and supported by Mrs. Talei Lebaivalu, Mrs. Vasiti Raloka, Mr Rajneel Kumar, Ms Katarina Nainoka and Mrs. Neha Dharan, the team shaped a lively space where tough ideas became clear and experiments felt like small adventures. Their students powered it all with questions that sparked debate and the kind of energy that makes a lab hum.

This spark carried beyond the classroom, most notably when Year 12 and 13 students headed to Nadi Muslim College for the Chem Battle and Science Quiz. They faced friendly competition, tested their knowledge, and came home with stories that lit up the science block. Year 13 students also completed their Internal Assessments with growing confidence, taking on tasks that pulled them closer to real scientific thinking.

The department's progress was lifted further by new resources, including a vacuum pump, fresh chemicals, and lab coats and safety glasses for senior students. These additions made the lab feel more professional and boosted students' confidence as they worked. With committed teachers, eager learners, and stronger facilities, the Science Department continues to build a place where curiosity leads the way.

Wishing everyone a Merry Christmas & a Prosperous New Year.

The background of the entire page is a photograph of a bright blue sky with fluffy white clouds. A large, solid blue cross is centered in the upper half of the image. To the left of the cross, the word "SUIS" is written in a large, blue, cursive script font.

SUIS

It is with great joy and gratitude that I share this brief address as the SUIS (Scripture Unions in Schools) Coordinator for Nasikawa Vision College. SUIS continues to be a vital part of our school's spiritual life, creating a space where students are invited to worship God freely—just as they are and at a level they can understand and grow from. Each week, activities are purposefully designed to nurture their interest in reading the Bible, discovering God's love, and strengthening their personal faith.

One of the major highlights of our year was the first-ever Primary School SUIS Rally in Fiji, initiated by our school and held on the 5th of April in our college chapel. This historic event brought together neighboring primary schools to worship, learn, and fellowship. We were blessed to have Mr. Mika as our guest speaker, and he did a wonderful job capturing the hearts and minds of the young students through his inspiring sermon.

We were also privileged to participate in the Annual Nadroga/Navosa District Rally held at Volivoli CMF, where Pastor Naka ministered powerfully to our students. Two buses were hired to transport our students, and it was uplifting to see their enthusiasm and unity as they represented Nasikawa Vision College.

As we reflect on another year of SUIS, we give all glory to God for His continuous favour, guidance, and love that enabled us to carry the program faithfully through Term 3. My heartfelt vinaka vakalevu goes to all SUIS teachers for their unwavering dedication, and especially to our Head of School for the prayers, support, and encouragement that strengthened this ministry.

To the entire SUIS family—students, teachers, and supporters—vinaka vakalevu for your commitment and heart for God's work. May the seeds planted this year continue to grow and bear fruit in the lives of our young people.

Sosiceni Nawaqaliva (Mr.)

KOICA's Youth Mid-term Volunteer Program (Governance)

KOICA's Youth Mid-term Volunteer Program (Governance) is a volunteer initiative dispatched to Fiji in three batches from 2024 to 2026.

Each batch stayed in Fiji for four months and carried out activities focusing on students' well-being.

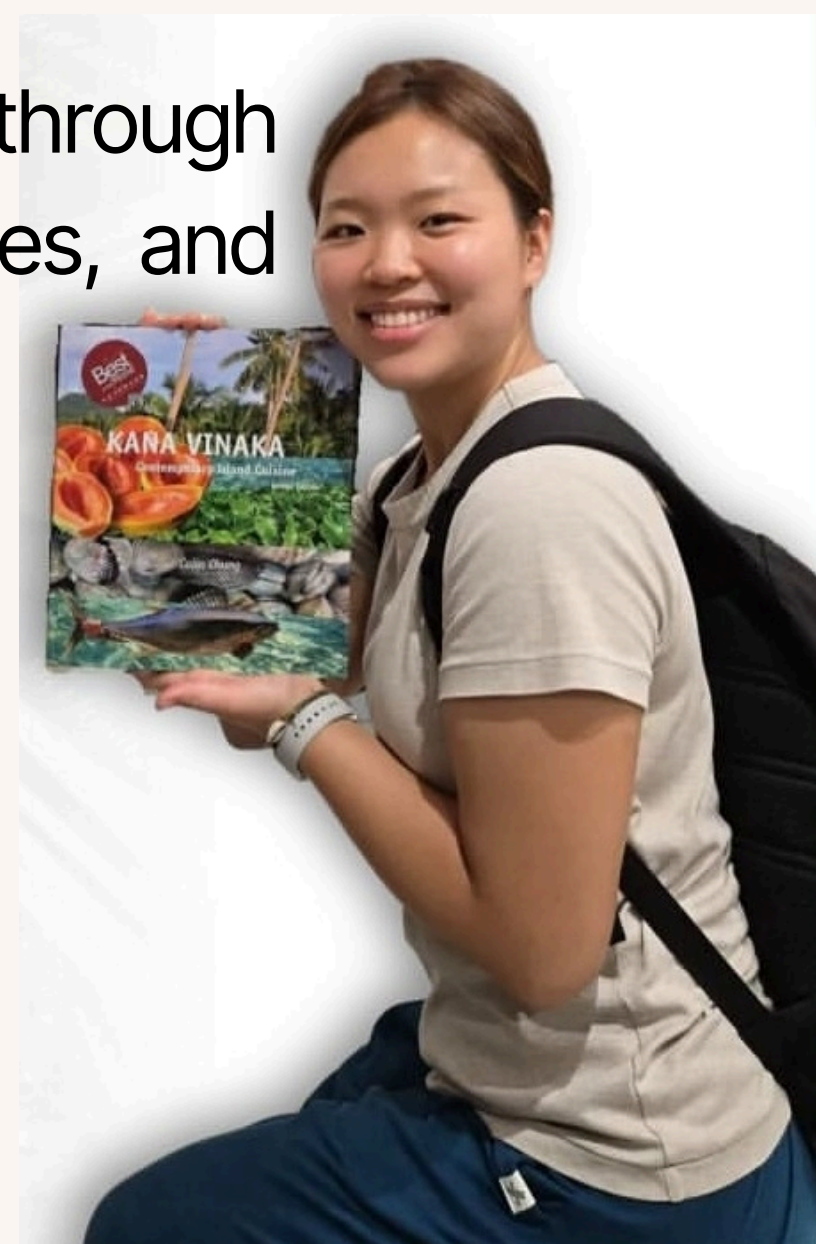

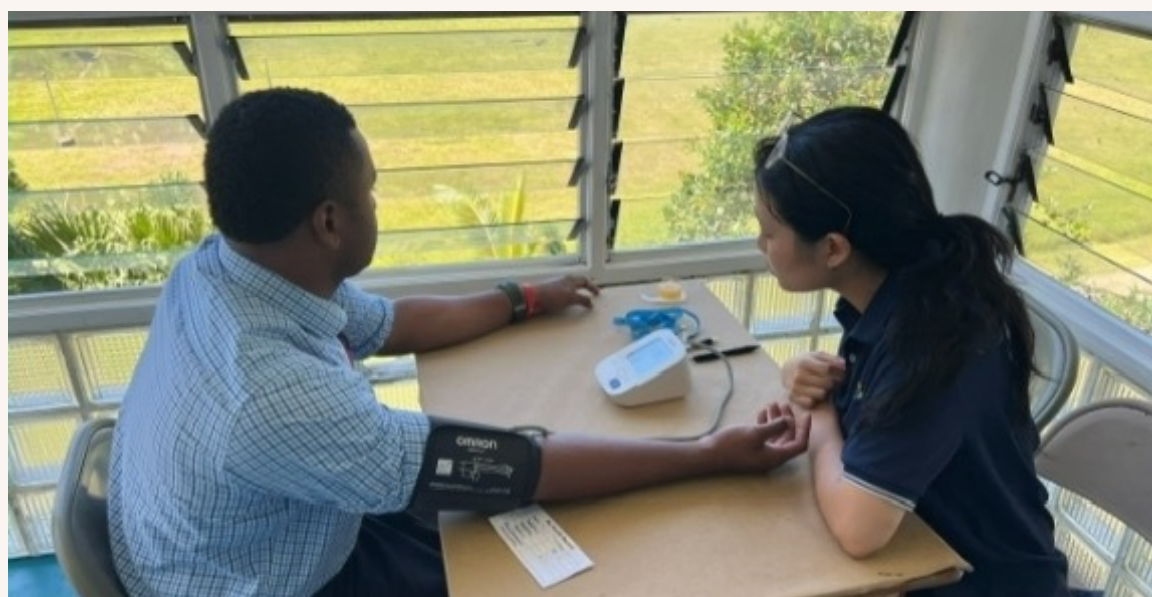

Living in Fiji while engaging closely with the local community for four months became an invaluable experience—both for the volunteers and for the Nasikawa Vision College community. Volunteers commonly expressed a deep interest and affection toward Fijian culture, and their seamless integration into daily life left a meaningful impression.

The achievements of the three batches also demonstrated significant impact.

Batch 1 improved students' health management through health education and maintenance of the school's clinic, strengthened computer literacy through computer room maintenance, and conducted basic computer skills training.

Batch 2 enhanced physical health management through nutrition education, Kana-vinaka recipe cooking activities, and nutrition lectures, as well as supported mental well-being through arts-based programs.

Batch 3 contributed to healthier lifestyles through nutrition classes, food tasting sessions, physical education, and improvement of the volleyball court environment, strengthened hygiene practices through health and sanitation education, and enhanced digital competency through basic and applied computer training.
